

Builder's Houses - Long Island, New York

The developer of a subdivision on the site of an old orchard on the north shore of Long Island, N.Y. Recognized the value of imaginative designs, yet ones that could be simply adapted to the physical features and vistas of each lot. In the end he obtained from the architect three 2-story model houses, each adaptedness to different views and landscape features, as well as tot he individual owner's preferences.
